

St. Michael Indian School Supply List

School supplies are essential for students, providing the tools needed for effective learning and organization. They help students stay prepared, focused, and confident, leading to better engagement in class and successful completion of assignments. Proper supplies are key to academic success and a positive learning experience.

- **Reusable clear/transparent water bottle:** The water refill stations are designed to refill bottles not drink directly from. Please ensure your student has a clean water bottle.
- School supplies should not feature violent symbols, pictures, skulls, or any imagery that is not in line with our school's mission. Additionally, we suggest keeping a smaller set of supplies available at home. Free backpacks are available at the Business Office while supplies last.
- K- 5 set of supplies will be kept with the student in their bag.
- 3 - 12 grade students will receive a carrying case for the **electronic learning device**. Returning students will receive their case from last year if returned. New students will receive a case at device issuance. The device will be at no additional charge to the family, only an agreement for use which outlines purchasing options for student Chromebooks.
